

PHASE-OUT - The 50A SPA Panel LGSPA50 is being phased out and replaced by W0408L1125SPA50. Siemens Low Voltage Residential Specialty Load Centers: Small Circuit (2-10) 50 AMP SPA PANEL, 1PH, 3W, 120/240V

| General technical data                                       |              |
|--|--------------|
| configuration of the busbars                                 | 50A          |
| fastening method   | Surface      |
| phase number   | 1            |
| suitability for operation                                    | Residential  |
| Electricity  |              |
| ampacity   | 50 A         |
| voltage between phase and Ground (GND) rated value           | 120 V        |
| voltage between phase and phase rated value                  | 240 V        |
| Breaking Capacity  |              |
| switching capacity current according to EN 60898 rated value | 22000 A      |
| Model  |              |
| product brand name   | Talon        |
| product sub brand name                                       | Load Centers |
| type of wiring of distribution board                         | 3w           |
| Mechanical Design  |              |
| number of modular width units for installation width         | 2            |
| size of the circuit-breaker                                  | GFCI         |
| width [in]   | 455 in       |
